ONE BELT, ONE ROAD

— Silk Road Economic Belt — Maritime Silk Road Initiative

With Mutual Recognition Agreements (MRA), the AEO has emerged as a priority in China under its One Belt, One Road initiative that extends from South East Asia to the European Union.

If you are already doing business in China and have AEO in place, be sure to choose an AEO-certified logistics provider. As an AEO **Advanced Certified Enterprise (ACE)** in China, Dimerco facilitates and secures your end-to-end supply chain.

Simplified Customs, Faster Availability, Secured Supply Chain

With **over 50 years of international logistics experience**, we are a leading AEO-accredited logistics provider with **full coverage for China**, Thailand, Indonesia, the Netherlands, and Germany, and are a member of CTPAT program across the USA.

Leverage our AEO status to **secure your global supply chain** and **accelerate the arrival** of your goods.

What Dimerco's AEO Status Means To You

Get peace of mind knowing that your partner:

Is vetted and approved by the import country's customs authority

Communicates and cooperates effectively with supply chain partners

Complies with customs regulations and requirements for safety

Secures priority treatment and special privileges to expedite customs

What Is AEO?

The **Authorized Economic Operator (AEO)** program

allows customs authorities to quickly identify operators who meet rigorous standards for supply chain integrity.
